The Mastic Beach Fire Department Benevolent Association is a volunteer fire organization that has been serving the Mastic Beach and Shirley communities since 1935. Since then we have responded to numerous alarms including structure fires, motor vehicle accidents and car fires, brush fires, EMS assists and many other types of emergencies. The Benevolent Association is also involved in many community events involving local churches, local school events and various other community activities.

We are hosting this golf outing fundraiser in memory of our brother Ex Chief and Commissioner John Milazzo. John started his volunteer firefighting career in 1974. He served up through the ranks and served as Chief from 1993-1994 and also again from 1996-1999. After that he served as Commissioner from 2016-2019 and remained President of our Benevolent Association until his passing in 2021. John was a great husband, father and grandfather and a beloved member of our fire department family.

We are asking you to help support our golf outing in memory of our brother John by joining us for a great event filled day of golf. You can also help support us by purchasing one of our sponsorships or donating an item for our raffle. The Mastic Beach Fireman's Benevolent would like to thank you for your support in honoring our brother John.
