Artie Surrey has been a member of the Mastic Beach Fire Department for several years and has come up through the rank's as so many of us have. Currently Artie is serving as a second Lt. In this department.

Artie has been diagnosed with a kidney disease and is in need of a transplant. Artie is a dedicated member of this department as well as a dedicated husband and father.

Artie has spent countless hours volunteering for his community no matter what the call or what the time Artie has been there. I'm asking for our community to help Artie. If interested in being screened please contact
